SKILLS TRAINING

Jeff Gray BMW Motorrad "Adventure bike" course

Jeff Gray BMW Motorrad are pleased to offer you the opportunity to learn all the skills required to get the most of your BMW GS machine. You will have a level of confidence when your Adventure heads off road.

Off-Road Skills Training Courses have been specifically designed for all riders of all levels. No matter whether you have had very little (or even none) off-road experience or have been riding for years, the outcome is that everyone will learn and have a great time as well. Each course is conducted by one of New Zealand's best Off-Road instructors.

Course Content:

During the two-day course, participants are taught fundamental techniques of off-road riding and will progress to a level they never before thought achievable.

Some of the skills covered are:

- * How to lift, balance and manoeuvre a motorcycle in awkward situations
- * Slow-speed manoeuvring and control
- * Correct body position/balance
- * Throttle and clutch control
- * Cornering
- * Braking
- * Ascending and descending hills safely and confidently
- * Riding over/around obstacles

Course Dates: 10th-11th May 2010

Cost's include accommodation, meals and training for both days \$499 incl GST
Limited to 12 spaces available.

Course is to be held at Glenfalloch Station. www.glenfalloch-station.co.nz
